## SENATOR LEWIS AT HEAD OF \$10,000,000 MINING DEAL

One of the Greatest Copper Propositions in the World to Be Operated in Southern Utah.

Royal Gold & Copper Company to Erect Immense Concentrating Plants and Smelter.

Amalgamated	Capital.
Anaconda	\$15,000,000
Copper Range Consolidated	20,000,000
United Copper (Heinz's)	28,500,000
United States	80,000,000
United Verde	21,500,000
Calumet & Hecla	3,000,000
Majestic	2,500,000
Greene Consolidated	6,000,000
Cerro de Pasco (McCune's)	7,200,000
Royal Gold & Copper company	10,000,000

SENATOR A. B. LEWIS.

ONE of the greatest copper enterprises undertaken in recent years has just been launched by Senator A. B. Lewis. The Royal Gold & Copper company, with a capital of \$10,000,000, has been organized under the laws of Colorado to acquire and develop over 4,000 acres of mining properties in Beaver, Iron and Washington counties, Utah. The properties have already produced over \$1,000,000 in copper, gold, silver and lead. As soon as the immense concentrating plants and smelter, which will be commenced at once, are finished, it is expected that they will be sending out 1,000 tons of ore a day. In a year or two later it is expected that this production will be increased to 2,000 tons daily.

The magnitude of the enterprise is indicated to some extent by the comparisons in the above table. The Amalgamated, Anaconda, Copper Range Consolidated and United Copper companies are all great holding corporations, formed in the consolidation of a number of other companies, and organized merely to hold the stock in these. The others, which include the largest per mining companies of recognized standing in the two Americas, are those which own and operate the mines directly.

**Banks With the Big Ones.**

Of these, it will be seen that the new Royal is excelled in magnitude of capital by only the United States Mining company, now operating in Utah. That the capital is not unduly inflated is indicated by the fact that the property acquired represents a cash investment of over \$1,000,000, while several times that sum will be spent in development and equipment and in the erection of a smelter and concentrating plants.

The Majestic company, which Senator Lewis organized and floated, is now completely financed in the form of a dividend. It was to devote its energies to making a dividend-payer out of the Royal that Senator Lewis resigned the presidency of the former company at the recent annual meeting. He is confident that he will make out of the Royal, not another Majestic, but an even greater property.

Associated with Senator Lewis in this new enterprise are operators in Lake Superior iron and copper, and capitalists from New York, Boston and other places in the east. While he does not so state, it is understood that there is also a connection with the General Electric company, the greatest single consumer of copper in the world.

**Who the Incorporators Are.**

The company is organized with a capital of \$10,000,000.

## OWEN'S AFFIDAVIT CHARGES POLYGAMY

(Special to The Herald.)

WASHINGTON, May 9.—The state department has received an affidavit signed by C. M. Owen, charging Joseph F. Smith with the practice of polygamy. Accompanying the affidavit was a copy of a printed document, dated Salt Lake City, Jan. 26, 1903, entitled: "Protest of Citizens of Utah Against the Admission to the United States Senate of Reed Smoot, Apostle of the Mormon Church." This document is a copy of the protest filed with the senate committee on elections against Smoot's admission to the senate.

The officials of the state department declined to permit an inspection of Owen's affidavit and would not divulge its contents beyond saying that it charges Smith with living in polygamy. They reiterate their previous statement, published in The Herald, that the state department is not concerned in the charges set forth in the affidavit and suggest that if Smith is violating the law the proper recourse is through the United States courts.

## BAD WRECK REPORTED

Two Passenger Trains Came Together Head-on in New York—Five Fatalities.

Syracuse, N. Y., May 9.—A special to the Post-Standard from Malone says:

A terrible head-on collision occurred at Nelson lake on the Mohawk & Malone railroad this afternoon. Two passenger trains, traveling at a high rate, crashed into each other and five persons are reported dead and many injured. The scene of the wreck is about fifty miles from Utica on the main line between Utica and Montreal.

The disaster occurred on a curve and the locomotives and mail cars were badly wrecked. The mail compartments are reported to be in splinters and the bags of mail are buried in the debris. A representative of the railway mail service who was on the train has taken charge of the mail matter and will attempt to dig it from the wreckage.

The two trains are supposed to meet at Fulton a few miles from Nelson lake. It is said that the engineer of one of the trains ran past his orders and caused the disaster. Engineer, one of the trains was killed in the crash. James R. Jones, a mail clerk of Malone is said to have had both legs broken. John Best, another mail clerk, whose home is at Herkimer, was reported killed, but is still alive, although he is said to be frightfully injured.

John T. Glynn, a newspaper boy of one of the trains, was killed. Conductor Frank Faulkes of Utica and Fireman Yerdien are also dead. Several of the passengers are reported injured, but so far as ascertained none of them was fatally injured.

## MARCUM'S FRIEND SHOT DOWN IN COLD BLOOD

Lexington, Ky., May 9.—A report reached Winchester from Jackson tonight that B. J. Ewan was assassinated from ambush at sundown, but the report cannot be confirmed tonight as Jackson cannot be reached by telephone or telegraph.

Ewan was standing in the court-house door with J. B. Marcum, when the latter was killed last Monday, and it has been said, recognized the assassin.

## SEARCHING FOR BODY OF MURDERED WOMAN

Gardiner, Mont., May 9.—Men are searching the Yellowstone river for portions of the body of a woman evidently drowned in the park. Mrs. Annie Paul, living near here, reports seeing a woman's head, apparently severed by some sharp instrument, and an arm and hand float slowly by in place. In the ears were diamond earrings and handsome rings were on the fingers, showing that robbery was not the motive. The crime must have been committed months ago, the body cut up and the pieces thrown into the stream, where they were held until the ice broke up.

## MINISTER MADE THE GRAND DUKE WEAKEN

St. Petersburg, May 9.—Finance Minister Witte personally handed his resignation to the czar May 1, but withdrew it before nightfall. His resignation followed a peremptory letter from Grand Duke Alexander Michaelovitch demanding increased appropriations for the latter's new department of commerce and marine. M. Witte informed the czar that he would be unable to administer the finances if grand dukes were permitted to give orders. The czar urged him to reconsider his determination, but M. Witte complied only after the grand duke had written him a letter of apology.

## WENT BACK TO WORK AND WAS MURDERED

Vineland, N. J., May 9.—Frank Capella, aged about 25, has been killed in a fight at Minotola. He once belonged to the striking glassblowers, but after a number of pickets about a mile from the factory and a fight ensued, in which he was shot. The pickets declare Capella made the first attack, firing several shots at them. Several of the pickets were arrested. A later report says another man was shot but was able to limp away.

## TWENTY-FIVE YEARS IN PRISON

Supreme Court Has Affirmed the Decision in the Case of Jessie Morrison, Who Killed Her Successful Rival in Love.

TOPEKA, Kan., May 9.—The supreme court today affirmed the decision of the lower court in the case of the state vs. Jessie Morrison. Jessie Morrison was declared guilty of killing Mrs. Olin Castle three years ago at the Castle home in Eldorado. The decision means twenty-five years' imprisonment. The opinion, which was written by Justice John C. Pollock, says: "Upon the theory of the tragedy as maintained by the state, the murder was a butchery of such savage and vicious nature as is rarely equaled in a civilized world. It was a cold-blooded killing, the result of a depraved mind, and a shocking and revolting crime."

## HISTORY OF THE CRIME.

Mrs. Castle was Horribly Slashed With a Razor.

Eldorado, Kan., May 9.—The Morrison-Case case was the most sensational ever tried in Kansas. Jessie Morrison and Clara Wiley were in love with Olin Castle, a clerk in a racket store, where Miss Morrison also was employed. Within a week after Castle married Miss Wiley the women fought in Mrs. Castle's room with a razor. Mrs. Castle being slashed in a horrible manner and Miss Morrison being cut badly. Miss Morrison, who at her three trials alleged self-defense, asserted that Mrs. Castle had called her into the house and started a quarrel over a letter said to have been received by Castle from Miss Morrison. At the first trial the jury disagreed. The verdict of the second trial, which resulted in a five year sentence, was reversed.

Miss Morrison has been out on bail and is visiting a brother at Enid, Okla. A month ago it was reported that she intended leaving the country, and she said:

"I have been living here happily, but it seems that my contentment causes distress among my enemies. They wish to create a prejudice against me in order to affect me in the courts."

Miss Morrison is the daughter of H. M. Morrison, formerly circuit judge at Eldorado. Olin Castle was remarried last month and is now living in California.

## BROKE DOWN IN "SWEAT BOX"

Julius Wiltrax, Under Great Pressure, Accused His Father of Having Murdered Paul Paszkowski, a 6-year-old Chicago Child.

CHICAGO, May 9.—A startling confession was made to Inspector Wheeler today at the West Chicago police station by Julius Wiltrax, when the latter declared his father, John Wiltrax, had shot and killed a 6-year-old Paul Paszkowski. For nearly a week the Wiltrax boy has been in the custody of the police, as he has his father, whom he now accuses, and also his mother. The circumstantial evidence was so strong that a charge of murder was preferred against the saloonkeeper. The family maintained a stolid silence, notwithstanding the repeated "sweatings" they were put to. They at all times denied knowledge of the crime. Julius Wiltrax at one time, while being questioned, accused his parents with killing the boy. Later, however, he denied the accusation. This afternoon he was again subjected to the "sweat box" and after being questioned at length he broke down, he said:

## REWARD OF \$20,000 FOR MISSING YOUTH

Pittsburg, May 9.—George Walls of East Pittsburg, who has been missing for about a year, is alleged to have been kidnapped. Walls disappeared from Springfield, Mo., in the fall of 1901. Last week a letter was received by Mr. Walls, saying that his son had been seen in a remote part of the country, and hinting at a strange story.

With a brother of the missing boy, William Walls, who has been engaged in engineering work in the south, the father has started for York county. An offer of \$20,000 reward for any information as to his fate has been made.

## MRS. ROOSEVELT "AT HOME"

Washington, May 9.—Mrs. Roosevelt gave an "at home" this afternoon to a specially invited company of about 50. The guests were received on the south portico of the White House and tea was served on the lawn. Owing to a slight indisposition Miss Alice Roosevelt was not present.

Anaconda, Mont., May 9.—George Bramblee is under arrest, charged with murdering Bullas Parrott at Nine-Mile, near here, on Sept. 5, 1900. The authorities are looking for his alleged accomplice, who is in Utah. The motive for the murder was robbery. Parrott was a storekeeper and always had money.

SHE AND MISS MURDOCK MAY BE TRANSFERRED HERE.

### MR. CLEVELAND DOESN'T WANT IT

Bryan Says He Could Not Get it if He Did.

### WHO WILL LEAD DEMOCRATS

NEXT YEAR'S NOMINEE THE SUBJECT UNDER DISCUSSION.

FRUITION between Postmaster Murdock of Logan and his assistant had led to the removal of two clerks in that office. One of them is Miss Jennie Murdock, daughter of the postmaster, and the other is Miss Maybelle Snow of this city, who is a protégé of United States Senator Kearns. It is possible that the two young women may be given berths in the local post-office some time in the near future.

No charges were preferred against the two women. Their removal was made by the postmaster general upon the recommendation of Inspector Frank Sharp, who recently made an investigation of the office. He reported to the Washington authorities that there were too many clerks for the amount of business transacted by the office, and recommended that the women in question be dismissed. Orders to that effect were received by Postmaster Murdock several days ago. They went into effect last evening.

business transacted by the office, and recommended that the women in question be dismissed. Orders to that effect were received by Postmaster Murdock several days ago. They went into effect last evening.

### May Come to Salt Lake.

When seen last evening, Senator Kearns said he had been informed several days ago that orders had been issued dropping the two young women from the payroll. He said that does not mean their actual dismissal from the postal service.

"About six months ago the Logan office was placed in the classified list," said the senator. "That carried the employees of the office with it. Therefore, Miss Snow and Miss Murdock are the service and perfectly eligible to positions in any postoffice in the country. I have been informed that an application has been made by the local authorities for four additional clerks or assistants in this office. It is quite likely, therefore, that the two women may be appointed to do service here. If they are not, there are other positions in the service which they can fill."

### HE DON'T LIKE GROVER.

Onslaught of Mr. Bryan Upon the Former President.

Newark, N. J., May 9.—The News has the following from its Lincoln (Neb.) correspondent: William J. Bryan received the News correspondent very cordially today at his country residence, four miles from this city. A typewriting machine was clicking busily in an upstairs room, and the farm hands were at work in the adjoining fields. Mr. Bryan's red brick house is more modern and much more pretentious than the somewhat old-fashioned home of Grover Cleveland at Princeton. Mr. Bryan would not submit to an interview unless the questions were written and the answers recorded verbatim as he spoke them.

"Have you met Grover Cleveland in recent years, Mr. Bryan?" was the first question.

"Not since I was a member of congress," he replied.

"You were invited to the dedication exercises of the St. Louis World's fair, were you not?"

"Yes, I went to St. Louis, but I went to attend the Good Roads convention, and left there one day before the dedication ceremonies began."

### Given a Back Seat.

"The seat assigned you for the dedication was not on the grand stand with President Roosevelt and former President Cleveland, but on the annex to the grand stand."

"No, it was not on the grand stand; it was on the annex. But I looked at that kind of an invitation as one to be accepted or declined without any particular importance being attached to it. I simply declined the invitation."

"Is it possible for Grover Cleveland to receive the Democratic nomination next year, Mr. Bryan?"

"There is not the remotest possibility of Mr. Cleveland becoming the nominee. Even his staunchest friends will

## MR. BOWEN DEMANDED AN APOLOGY

WASHINGTON, May 9.—An interesting account of the action of Minister Bowen at Caracas in demanding an apology from the Venezuelan government for the improper use made of the American flag by the commander of the Venezuelan gunboat Restaurador is given in the current volume of "Foreign Relations." Mr. Bowen, without waiting for instructions from the United States, called in person on the minister for foreign affairs and said to him:

"Your captain dishonored the American flag and he should be ordered to raise it and salute it and your government should apologize."

"The minister desired several days in which to investigate the matter. The facts that I have presented to you are indisputable," said Mr. Bowen.

"And I can give you only twenty hours, for I feel that at the end of that time I must cable the facts to my government."

On the following day regret was expressed on behalf of Venezuela and the flag was saluted with twenty-one guns.

## RECEPTION TO CANNON.

The Next Speaker of the House Visiting in Lincoln, Neb.

Lincoln, Neb., May 9.—A largely attended reception was tendered Congressman Joseph G. Cannon of Illinois, at the home of Congressman Burkett this evening. Congressman Cannon came to Lincoln this afternoon and will be the guest of Mr. Burkett until Monday. Congressman Cannon said it was his understanding that President Roosevelt would call an extra session of congress, to meet on Nov. 2. He said it was too early to discuss the measures which would probably come up.
